

Dear Customer,

This product you have purchased has been subjected to all tests and controls by us before it reaches you.

Even in this case, it is possible for some parts to be damaged. If you encounter such a situation, do not send the entire product back.

Just ask for the damaged part. When requesting the necessary part, identify the part exactly by looking at the service card.

The missing part will be sent to you as soon as possible.

Before starting the assembly, check all the parts and accessories in the boxes according to the lists.

After determining that the parts and accessories are complete and solid, start the assembly. Before starting the assembly, clean all parts with a damp cloth.

If you have bought more than one product, after assembling a single product, switch to the other product in order to avoid any confusion.

For long-distance transports, always carry the product in a package.

It is very easy to clean the surface of the furniture you have purchased. It is sufficient to wipe it with a damp and soapy cloth or household cleaners. Do not use your furniture for any other purpose.
